Mr. Paul M. Hahn President American Tobacco Company 111 Fifth Avenue New York 3, New York

Dear Paul:

You will be interested in noting copy of letter Dr. Little wrote me, explaining in some detail his philosophy on public statements, together with my reply. While not taking sharp issue with him on any point, I have attempted to show him the need to let the public know that the case has not been proven and closed, but that there are two sides."

Kindest personal regards.

Very sincerely yours,

John W. Hill
